

February 2008

My good friend Jerry Valley is a legend in the Hypnosis business. Jerry has been in the business for 38 years and is widely recognized as one of the greatest Stage Hypnotists of all time.

After traveling all over the world with his Hypnosis show, several years ago Jerry began personally training individuals wanting to break into the Stage Hypnosis business.

Over the course of about ten years, Jerry has developed and refined a live Stage Hypnosis Training Seminar that is like no other program offered anywhere. Jerry is the Grand Master of Stage Hypnosis Training. In his seminar Jerry provides live, personalized instruction on the art of Stage Hypnotism, starting the basics and progressing through advanced material. He will teach you how to get started as a Stage Hypnotist quickly, how to secure your first bookings, and dozens and dozens of inside tips and tricks he has learned through his long career.

Jerry is conducting only one Stage Hypnosis Training Seminar this year. The training will be held on June 12 - 15 at the Riviera Hotel in Las Vegas. You will find complete details here:

In case you are wondering, Tommy Vee is Jerry's Son who is an accomplished Stage Hypnotist himself, and a co-trainer at the live event.

As you know, I very rarely recommend other people's programs. I want you to know about Jerry's Stage Hypnosis Training because, in my opinion, it is the best live Stage Hypnosis Training out there. I also want you to know that I am not an affiliate for Jerry, and I do not receive a penny for sending out this message or any compensation if you decide to sign up for his course. I'm recommending it because I believe in it.

If you want to break into the Stage Hypnosis business and want live instruction from a true master and legend, here is your golden opportunity.

Hypnotically,

Bill O'Connell, Stage Hypnotist, St. Charles, IL

P.S. Jerry has told me that he is giving all students who attend the live training a complete set of the training DVDs from the last Stage Hypnosis seminar he conducted with Ormond McGill. As you know, Ormond passed away a couple of years ago. No one will ever again have the opportunity to train live with Ormond McGill, but you can get the next best thing: a complete set of DVDs of the last training he and Jerry conducted in year 2003.
